

ITT Technical Institute

2015 Annual Security Report

Safety and Security Policies, Procedures, and Crime Statistics

Comprehensive Report for all Locations

BACKGROUND

ITT Educational Services, Inc. (“ITT/ESI”) is a leading proprietary provider of postsecondary degree programs in the United States. ITT Technical Institute locations offer, associate, bachelor, and master’s degree programs at over 130 locations (including 141 campuses and two learning sites) in 38 states, as of December 31, 2014.

PURPOSE

Each calendar year, ITT/ESI issues and distributes an Annual Security Report (the “ASR”), which is prepared by the ITT/ESI Compliance Department. The ASR serves to inform ITT/ESI employees and each ITT Technical Institute’s students, prospective students, employees and prospective employees of ITT/ESI’s safety and security policies and procedures as they apply to all ITT Technical Institutes. In addition, the ASR is issued to aid in the prevention of crimes.

The ASR is a comprehensive report for all ITT Technical Institute campuses and contains information about (a) standardized safety and security policies and procedures applicable to all ITT Technical Institutes, and (b) specific crime statistics for each ITT Technical Institute concerning the number of certain types of crimes reported to a Campus Security Authority (“CSA”) and local law enforcement agencies as occurring on the campus premises or public property adjacent to a campus (known as the geographic area).

The following points are relevant while reading this document:

- References in this document to “ITT/ESI” refer to ITT Educational Services, Inc. and its subsidiaries (ITT Technical Institutes);
- The terms “ITT Technical Institute”, “ITT Tech”, or “school” refer to an individual ITT Technical Institute school or campus owned and operated by ITT Educational Services, including its learning sites; and
- The structure and staffing at each ITT Technical Institute is consistent across all campuses.

The information contained in the ASR is distributed pursuant to 20 U.S.C. § 1092 and 34 C.F.R. § 668.46.

HOW THIS ASR IS ORGANIZED

In order to ensure a high standard of safety and security at each ITT Technical Institute campus, security, safety, and emergency policies are carefully developed by various departments at ITT/ESI and are applicable to all ITT Technical Institutes. These safety and security policies and procedures are communicated to all ITT Technical Institutes through directives and various training programs. The implementation of and adherence to such policies and procedures by all ITT Technical Institutes is monitored by various departments at ITT/ESI.

These policies, located in Section I through Section VIII of the ASR, apply to students, prospective students, employees, and prospective employees at each ITT Technical Institute, regardless of location. We encourage all ITT Technical Institute students, prospective students, employees, and prospective employees to carefully review these

policies and procedures to become familiar with ITT/ESI's security policies and procedures applicable to each ITT Technical Institute campus and help ensure their own safety, as well as the safety of others.

As required by federal law, this Report also contains detailed statistics for certain crimes that occurred on or near an ITT Technical Institute campus in the past three calendar years. The statistics, organized in tabular format in Appendix G, are presented by each ITT Technical Institute campus, the year in which they were reported to ITT/ESI, and by category of crime. To review the crime statistics for your specific ITT Technical Institute campus, refer to Appendix G and find the city in which your campus is located in the table of contents.

ITT/ESI and each ITT Technical Institute are committed to ensuring the safety and security of all members of the ITT Technical Institute campuses. If you have any questions about the ASR, or the information it contains, please contact your campus Registrar or college Director (as provided in Appendix A) or the ITT/ESI Compliance Department at (800) 388-3368.

SECTION I: CRIME PREVENTION and SAFETY AWARENESS

SECURITY AWARENESS STATEMENT

ITT/ESI has developed and implemented a standardized policy and procedure to allow alleged victims and potential witnesses to report crimes on a voluntary, confidential basis. ITT/ESI policy SS 1.0, “Crime Awareness and Campus Security”, states that “[i]t is ITT/ESI’s policy to provide a safe and secure environment for its students, prospective students, employees, prospective employees, and guests at each ITT Technical Institute location.” Each ITT Technical Institute strives to offer its students, prospective students, employees and prospective employees a secure and safe environment. In addition to the information below, we advise all students and employees to carefully review the ITT Technical Institute Student and Employee Handbooks, respectively, for additional information regarding ITT/ESI policies and procedures and our Code of Business Conduct and Ethics.

CRIME PREVENTION MEASURES

A significant component of crime prevention is individual safety consciousness and awareness of one’s surroundings. Each person must assume responsibility for his or her own safety both on-campus and off-campus. The following suggested crime prevention measures, when applied, can contribute to safety and security on campus and help prevent crimes:

Actions to help prevent crime in the parking lot:

- Be alert to and aware of your surroundings;
- Lock cars and keep car keys on your person at all times;
- Do not leave valuable items in your car, including personal items such as cellular phones and purses, and school related items such as textbooks and laptops;
- Leave items of high monetary value at home;
- Do not park in isolated areas;
- Park and walk in well-lit areas; and
- Immediately notify a Campus Security Authority of suspicious activity or dial 9-1-1.

Actions to help prevent crime on-campus:

- Be alert to and aware of your surroundings;
- Keep your purse, backpack, or briefcase close to your body;
- Do not carry more cash than necessary and do not inform others of your belongings;
- Do not leave personal property unattended;
- Mark personal items you bring on campus; including textbooks, laptops, calculators; and
- Immediately notify a Campus Security Authority of suspicious activity or dial 9-1-1.

General actions to help prevent crime:

- Do not bring any kind of weapon on-campus;
- If a driver stops to ask for directions, do not get too close to the car and risk being pulled in;
- Do not ignore your intuition; if you suspect you are being followed, change direction or go to a public area or group of people; and
- If anything makes you feel unsafe or threatened, notify a Campus Security Authority or dial 9-1-1.

In addition, bystander intervention is a philosophy and strategy for helping to prevent various types of violence, including but not limited to bullying, sexual harassment, sexual assault and domestic violence. Bystander intervention should only occur if the bystander feels safe and comfortable with intervening.

Actions to potentially intervene with as a bystander:

- Be alert to and aware of your surroundings;
- Evaluate whether or not the situation appears to require outside intervention is heading in a bad direction;
- Notify a Campus Security Authority or dial 9-1-1;
- Tell another person; and
- Yell for help if you feel unsafe.

ANNUAL SECURITY and CRIME PREVENTION PROGRAM

Security awareness and crime prevention programs are offered annually and communicated quarterly to educate all prospective students, students, prospective employees and employees of each ITT Technical Institute about safety procedures, preventing crimes, and to encourage each campus community to be responsible for their safety and the safety of others. Security awareness programs include, but are not limited to, posting prevention material on the student ~~portal~~ and employee portals, communicating important information by e-mail, and hosting crime prevention presentations from the local law enforcement.

BUILDING and FACILITY ACCESS

ITT/ESI has developed and implemented a standardized building format specific to facility access and security, for each ITT Technical Institute.

Each ITT Technical Institute facility is equipped with an intrusion alarm system that is activated during non-operating hours, locks on all classroom doors, restroom doors that cannot be locked and an active fire alarm system. Designated ITT Technical Institute facilities also use security cameras.

ITT/ESI policy SS 6.0, Verification has developed and implemented a standardized policy applicable to each ITT Technical Institute. Specifically, Policy SS 6.0, “Verification of Identity of Individuals Contacting ITT/ESI or Visiting Premises” (including ITT Technical Institutes) requires that prospective students, students, prospective employees, employees, and others who visit any ITT Technical Institute facility, including ITT Technical Institutes or ITT/ESI, are directed to enter the building

at the designated visitor entry door, sign a log upon entry and departure, and be issued and wear a temporary name tag while on the premises which must be returned when departing.

Anyone with a legitimate reason for visiting ITT Technical Institute or ITT/ESI premises should be willing to identify himself/herself when requested to do so by employees overseeing the visitor entry door. Accordingly, for security reasons and as normal prudent business practice, any unknown individual seeking entrance to ITT Technical Institute or ITT/ESI premises should be required to identify himself/herself, identify the employee contact, and to establish satisfactorily the validity of his/her purpose. Validating a visitor's purpose may include, but is not be limited to, contacting the employee contact referenced by the visitor and closely reviewing evidence of authority, such as badges, to confirm legitimacy.

Currently enrolled students are directed to enter and exit ITT Technical Institute building(s) through designated student entrances. The lobby entrances are overseen by a receptionist during operating hours. No visitor or guest may tour an ITT Technical Institute without being accompanied by an ITT/ESI employee. No visitor or guest may attend a class without prior permission from the instructor or the Dean.

Neither ITT/ESI nor any ITT Technical Institute operates or sponsors any on- or off-campus student housing or student organizations, including fraternities or sororities.

Each ITT Technical Institute is required to conduct at least one annual facility inspection to identify and remediate safety and security concerns. Common issues reviewed during the annual inspections include, but are not limited to, the adequacy of interior and exterior lighting, security camera coverage, and the security of access points.

SECTION II: REPORTING CRIMES and OTHER EMERGENCIES

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) designates certain institutional employees as a Campus Security Authority (“CSA”). The CSA includes any “official” of the institution who has significant responsibility for student and campus activities, including, but not limited to student discipline and campus judicial proceedings and who has the authority and duty to take action or respond to particular issues on behalf of the institution. The CSA is responsible for ensuring that crimes that occur on each ITT Technical Institute Clery Geography are included in each ITT Technical Institute’s crime statistics, which is completed by submitting incident reports. The Clery Geography is defined as property that is owned or controlled (i.e., rented, leased, or any type of formal or informal agreement for a building or property even if payment is not involved), property that is used to meet or support the institution’s educational purposes, and public property owned by a public entity (i.e., city, state, or federal government) that is within or borders the campus and is accessible from campus.

Each ITT Technical Institute has designated the Registrar and college Director as the CSA, as set forth in the Student Handbook. The college Director also serves the role as the Title IX Coordinator, also as set forth in the Student Handbook. See Appendix A for the listing of CSAs and Title IX Coordinator at each ITT Technical Institute and the respective contact information. If a CSA is not available, please report crimes or other security-related incidents to any ITT Technical Institute Functional Manager, (“Functional Manager”) such as the Dean, Director of Finance (“DOF”), Director of Career Services (“DOCS”), or Director of Recruitment (“DOR”).

The CSA will serve as the Safety and Security Coordinator charged with managing the local program and will also serve as the liaison with the ITT/ESI Compliance Department. The CSA must ensure that all prospective students, students, prospective employees and employees are informed about the safety and security program and may do so in a variety of ways including, but not limited to, actively distributing the ASR during new student orientation (see ITT/ESI Policy STO 1.0, Student Orientation Policy) and discussing safety and security policies and procedures and crime statistics, promptly issuing “timely warning” bulletins and “emergency notification” bulletins, and conducting Town Hall meetings when deemed necessary to discuss incidents on campus.

At any time, when a prospective student, student, prospective employee, employee or guest becomes aware of a criminal action, illegal activity or other emergency occurring on campus, the individual(s) should immediately report the incident to the CSA or Functional Manager (if the CSA is unavailable) who must take the appropriate action, including, but not limited to, notifying the local law enforcement agency, school management and/or the ITT/ESI Compliance Department, as deemed appropriate. The CSA or Functional Manager must prepare and submit an incident report through the automated workflow process system, located on the Corporate Compliance page of the Employee Portal, within 24 hours. The incident report is automatically routed to the ITT/ESI Compliance Department and the respective stakeholders. Further investigation will be conducted by the college Director in consultation with the ITT/ESI Compliance Department, District Manager, VP, Chief Academic Officer, and the SVP, General

Counsel/Secretary, if deemed necessary. The CSA is responsible for reporting crimes and other emergencies in a timely manner.

The ITT/ESI Compliance Department is responsible for Policy SS 1.0, “Crime Awareness and Campus Security Policy,” which is applicable to each ITT Technical Institute and each individual on campus, including students, prospective students, employees, and prospective employees.

The ITT/ESI Compliance Department is also responsible for actively distributing the ASR by email to all active students and employees, working with the Marketing Department to update the ASR on the ITT Technical Institute website for any interested party to view; working with the Human Resources Department to update the ASR on the job posting website for prospective employees to view and updating the new hire checklist for new employees to view; working with the Recruitment Department to update the ASR during the student enrollment process for new students to view; and working with the Communications Department to update the ASR on the student and employee portals for all active students and employees to view.

Finally, the ITT/ESI Compliance Department is responsible for providing a standardized set of content that ITT Technical Institute campus’s prospective students, students, prospective employees and employees will receive.

Neither ITT/ESI nor any ITT Technical Institute employs campus police or security personnel of any kind. Neither ITT/ESI nor any ITT Technical Institute employees have authority to arrest anyone. ITT Technical Institute students, prospective students, employees, prospective employees, and guests, whether victims or witnesses of crimes, are encouraged to voluntarily, promptly and accurately report all criminal activity to ITT Technical Institute officials and the appropriate law enforcement agencies.

There is no written memorandum of understanding (“MOU”) between any ITT Technical Institute and its respective local law enforcement agency except for the ITT Technical Institutes located in Virginia, which is a statutory requirement.

Although formal agreements are not currently in place for ITT Technical Institutes outside of the state of Virginia, each ITT Technical Institute maintains a close working relationship with the respective local law enforcement agency, which includes an annual request of current trends in crime and safety prevention measures. In addition, ITT Technical Institute staff and local law enforcement and emergency response officials communicate on the scene of incidents that occur on and around the campus, as deemed necessary, by the college Director. ITT Technical Institutes also works closely with the investigative staff of the local law enforcement agencies when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as appropriate.

REPORTING NON-EMERGENCY CRIMINAL or SUSPICIOUS ACTIVITIES

In non-emergency situations, promptly report criminal offenses or suspicious activities to a CSA. If neither CSA is available, please report crimes or other security-related incidents to any Functional Manager.

REPORTING EMERGENCY CRIMINAL ACTIVITIES

In emergency situations, dial 9-1-1 immediately. A call to 9-1-1 can be made 24 hours a day, 7 days a week, and 365 days a year. The local law enforcement, fire or medical departments will respond immediately. Thereafter, report the criminal offense to the CSA. If neither CSA is available, please report crimes or other security-related incidents to any Functional Manager.

Upon receipt of any report of a medical or criminal emergency, campus personnel may offer to contact medical and/or security professionals for the persons affected. Following a reported incident involving a crime, campus staff may require the reporting individual to confirm in writing the details of the crime and may contact and apprise local law enforcement agencies. Neither ITT/ESI nor ITT Technical Institutes have policies or procedures that:

- (a) allow victims or witnesses to report crimes on a voluntary confidential basis; or
- (b) encourage pastoral or professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the crime statistics contained in the ASR.

TIMELY WARNINGS

The ITT/ESI Compliance Department has established a standardized timely warning policy applicable to all ITT Technical Institutes for the respective crimes or health concerns at each ITT Technical Institute campus.

Timely warnings are provided to heighten safety awareness by giving students, and employees notification of crimes or life-threatening health concerns that occur on campus property, non-campus property, or on public property immediately adjacent to and accessible from campus and are considered by each respective ITT Technical Institute to present a serious or continuing threat to students and employees.

In the event that a situation arises, either on an ITT Technical Institute campus or on public property adjacent to and accessible from an ITT Technical Institute campus that, in the judgment of the CSA, constitutes an ongoing or continuing threat to ITT Technical Institute students or employees, a campus-wide “timely warning” bulletin will be issued by the CSA. The timely warning may be issued through any means deemed appropriate, including posting messages on the employee and student portals, direct email notification, and/or telephonic communication.

Prospective students, students, prospective employees and employees can locate timely warning bulletins at the ITT/ESI Safety and Security Website www.itt-tech.edu/safety.

The timely warning bulletin will include the following information:

- School location;
- Date and time the bulletin was released;
- Approximate date and time the crime or health concern occurred;
- A summary statement of the incident;

- Physical description of the suspect related to a safety concern, if available;
- Overview of the symptoms if a health concern;
- Other relevant and important information about the crime(s) or health concern;
- Information on crime prevention, personal safety or other community safety and health related resources; and
- Actions taken by ITT Technical Institute in response to the crime(s) or health concern.

The CSA will determine the content of the timely warning bulletin. To the extent possible, the bulletin will contain information in accordance with the standardized timely warning bulletin template provided by the ITT/ESI Compliance Department. The timely warning bulletin will be reviewed and approved by the ITT/ESI Compliance Department, in consultation with the ITT/ESI SVP, General Counsel/Secretary, prior to distribution of the notification and to ensure the notification is timely, accurate, and credible.

An example of a “timely warning” bulletin for safety concerns follows:

“In compliance with the “timely warning” provisions of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, ITT Technical Institute – _____ (school Location) is issuing notice on _____(date/time).

REPORTED OFFENSE: *At approximately _____ (time) on _____ (date), _____ (type of crime) was committed at ITT Technical Institute – _____(school Location).*

SUSPECT: *(There is no known suspect at this time.). OR (The suspect is _____ (gender), approximately _____feet, _____inches tall and weighs _____pounds, with _____ hair color, wearing _____.)*

This incident involved _____ (Summary Statement of the incident).

REPORT SUSPICIOUS ACTIVITY: *Everyone is urged to use caution when encountering individuals who are not personally known to them and to stay aware of their surroundings at all times. Please report any suspicious activity or suspicious persons to a Campus Security Authority or the local law enforcement.*

If you have any information that might be helpful in this investigation contact a Campus Security Authority. Please encourage anyone with information to assist us in keeping the school safe.

If anything suspicious occurs or you are the victim of a crime, immediately contact the local law enforcement by dialing 9-1-1.”

ITT Technical Institute has contacted the local law enforcement and currently working with them.

An example of a “timely warning” bulletin for health concerns is as follows:

“In compliance with the “timely warning” provisions of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, ITT Technical Institute – _____ (school Location) is issuing a health concern notice on _____(date/time).

REPORTED HEALTH CONCERN: *At approximately _____ (time) on _____ (date), _____ (type of health concern) was reported at ITT Technical Institute – _____(school Location).*

The health concern description _____ (Summary Statement of the incident,

If you are experiencing any symptoms associated with this health concern please report them to the CSA and contact your medical physician immediately.

EMERGENCY NOTIFICATIONS

The ITT/ESI Compliance Department has established a standardized emergency notification policy applicable to all ITT Technical Institutes for the respective emergencies at each specific ITT Technical Institute campus.

In the event that an imminent threat to the health and safety of students or employees on an ITT Technical Institute campus arises, the CSA will issue a campus wide “emergency notification” bulletin.

Prospective students, students, prospective employees and employees can locate “emergency notification” bulletins at the ITT/ESI Safety and Security Website www.itt-tech.edu/safety.

The emergency notification bulletin will include the following information:

- School location;
- Date and time the bulletin was released;
- Approximate date and time the crime or health concern occurred;
- A summary statement of the incident;
- Physical description of the suspect related to a safety concern, if available;
- Overview of the symptoms if a health concern;
- Other relevant and important information about the crime(s) or health concern;
- Information on crime prevention, personal safety or other community safety and health related resources; and
- Actions taken by ITT Technical Institute in response to the crime(s) or health concern.

The emergency will be confirmed through any means deemed appropriate including, but not limited to, communications with local law enforcement and safety agencies, witness accounts, news reports, the local Center for Disease Control (“CDC”) and other informative media that are deemed valid and reliable.

To the extent possible, the notification will contain information in accordance with the standardized emergency notification template provided by the ITT/ESI Compliance

Department. In exceptional circumstances the CSA may, at their sole discretion, issue an emergency notification bulletin if they reasonably believe that securing approval from the ITT/ESI Compliance Department would jeopardize the safety and security of the respective ITT Technical Institute students and employees.

Based on information available, the CSA will, without delay, and taking into account the safety of the community, determine the content of the emergency notification bulletin, identify the segment or segments of campus that should receive the emergency notification bulletin, and initiate the notification procedure, unless issuing a notification will, in the CSA's best judgment, compromise efforts to assist a victim or respond to an emergency.

An example of an "emergency notification" bulletin is as follows:

"In compliance with the "emergency notification" provisions of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, ITT Technical Institute – _____ (school Location) is issuing an Emergency Notification on _____(date/time).

REPORTED OFFENSE: *At approximately _____ (time) on _____ (date), _____ (type of crime) was committed at ITT Technical Institute – _____(school Location).*

SUSPECT: *(There is no known suspect at this time.). OR (The suspect is _____ (gender), approximately _____feet, _____inches tall and weighs _____pounds, with _____ hair color, wearing _____).*

Classes have been cancelled for the following location _____ and you are asked to avoid the vicinity.

Listen for instructions from the Registrar or college Director or local authorities and follow them quickly and carefully.

REPORT SUSPICIOUS ACTIVITY: *Everyone is urged to use caution when encountering individuals who are not personally known to them and to stay aware of their surroundings at all times. Please report any suspicious activity or suspicious persons to a Campus Security Authority or the local law enforcement*

If you have any information that might be helpful in this investigation contact a Campus Security Authority. Please encourage anyone with information to assist us in keeping the school safe.

If anything suspicious occurs or you are the victim of a crime, immediately contact the local law enforcement by dialing 9-1-1."

ITT Technical Institute has contacted the local law enforcement agency and is currently working with them.

The CSA will determine the content of the emergency notification bulletin. To the extent possible, the bulletin will contain information in accordance with the standardized emergency notification bulletin template provided by the ITT/ESI Compliance Department. The emergency notification bulletin will be reviewed and approved by the ITT/ESI Compliance Department, in consultation with ITT/ESI SVP, General Counsel/Secretary prior to distribution of the notification and to ensure the notification is timely, accurate, and credible.

Once the emergency notification bulletin has been distributed, the CSA will contact the applicable resources, including but not limited to the local law enforcement, fire department, etc. These agencies may disseminate the information to the community, as deemed necessary.

SECTION III: REPORTING and DISCLOSURE of CAMPUS SAFETY POLICIES and ANNUAL CRIME STATISTICS

REPORTING CRIMES

After a crime has been reported and the local law enforcement has been contacted, the CSA must complete an incident report located on the employee portal within the Corporate Compliance page within 24 hours.

The incident reports are electronically submitted using a web-based notification business workflow process system, which automatically routes the incident report to the ITT/ESI Compliance Department and the respective stakeholders. The database serves as the daily control log for each ITT Technical Institute and is used to centrally collect crime statistics, for each ITT Technical Institute location. Critical information obtained on the incident report and captured in the database includes:

- the date the crime was reported;
- the date the crime occurred;
- the location of the crime;
- the nature of the crime (refer to Section VIII for Annual Crime Statistic Definitions);
- whether the crime was a Violence against Women Act (“VAWA”);
- a summary description of the crime;
- individuals who were involved;
- type of damage if any;
- attached statements by the alleged victim, alleged assailant, and witnesses, as applicable and deemed necessary; and
- any corrective action initiated by ITT/ESI or the respective ITT Technical Institute.

If deemed appropriate, further investigation will be conducted by the college Director in consultation with the ITT/ESI Compliance Department, VP, Chief Academic Officer, and SVP, General Counsel/Secretary.

PREPARING the ANNUAL SECURITY REPORT

On an annual basis, the ITT/ESI Compliance Department prepares the ASR in accordance with the requirements outlined by the U.S. Department of Education in conjunction with utilizing resources from the Clery Center for Security on Campus training materials and website (<http://clerycenter.org/>).

The Compliance Project Specialist compares and revises the current ASR to the Annual Security Report Checklist provided by the Clery Center. The ASR is then reviewed by the Senior Director, Compliance and Internal Audit and the SVP, Chief Compliance Officer before being submitted through the ITT/ESI GE 9.0 Policy, Communication Review and Approval Policy.

The crime statistics are prepared by compiling the incident reports provided by each ITT Technical Institute throughout the year and crime statistics within the geographic area, if

successfully obtained from the local law enforcement agency. The ITT/ESI Compliance Department coordinates with each campus to confirm that all incidents have been reported timely and accurately and that the campus has made a good faith effort to collect relevant crime statistics from the local law enforcement agency. If the local law enforcement agency did not provide crime statistics, the location is required to document via certified mail that a good faith attempt to obtain the crime statistics from the local law enforcement agency was attempted.

Since neither ITT/ESI nor any ITT Technical Institute recognizes, operates, nor sponsors any off-campus student organizations, ITT Technical Institutes do not actively monitor or record through local law enforcement agencies any crimes occurring at off-campus locations.

The results of each ITT Technical Institute campus' incidents and the information provided by the respective local law enforcement agency are accumulated and reported in the table of Crime Statistics by ITT Technical Institute Location (Appendix G).

ANNUAL CRIME STATISTICS

The crime statistics for each of three previous calendar years are reported in the ASR, within Appendix G and are obtained from reports of crimes occurring:

- (a) in any building or on any property owned or controlled by the school within the same reasonably contiguous geographic area of the school and used by the school in direct support of, or in a manner related to, the school's educational purposes;
- (b) in any building or on any property within or reasonably contiguous to the geographic area of the school that (i) is owned by the school but controlled by another person, (ii) is frequently used by students and (iii) supports the school's purposes;
- (c) in any building or on any property owned or controlled by the school that is (i) used in direct support of or relation to the school's educational purposes, (ii) frequently used by students and (iii) not within the same reasonably contiguous geographic area of the school; and
- (d) on any public property (including thoroughfares, streets, sidewalks and parking facilities) that is (i) within the same reasonably contiguous geographic area of the school or (ii) immediately adjacent to and accessible from a facility owned or controlled by the school, if the facility is used by the school in direct support of, or used in a manner related to the school's educational purposes.

A formal police report or investigation is not required in order for a reported crime to be included in the crime statistics in the ASR. All crimes reported in any calendar year will be included in the ASR's crime statistics for that calendar year, regardless of the calendar year in which the crime actually occurred.

The crime categories reported include murder/non-negligent manslaughter, negligent manslaughter, forcible sex offenses (rape), non-forcible sex offenses, robbery, aggravated assault, larceny, simple assault, intimidation, destruction, damage, or vandalism of property, burglary, motor vehicle theft, arson, liquor law violations (including arrests and referrals for disciplinary actions), drug law violations (including arrests and referrals for disciplinary action), illegal weapon violations (including arrests and referrals for

disciplinary action), sexual assault, domestic violence, dating violence, and stalking. In addition, crimes classified as hate crimes which target individuals on the basis of race, gender, religion, sexual orientation, ethnicity, or disability are included.

DISTRIBUTION of the ANNUAL SECURITY REPORT

On or before October 1st of each year, the ASR must be distributed or made available to students, prospective students, employees and prospective employees of ITT/ESI and the ITT Technical Institutes. The distribution will be managed by the ITT/ESI Compliance Department.

Annually, all students and employees are notified by email of the availability of the latest ASR. The email notification briefly describes the ASR and clearly notifies individuals that a paper copy of the ASR is available upon request. New students and employees are notified of the ASR and the ability to obtain a paper copy during the new student orientation, which is conducted quarterly (see ITT/ESI Policy STO 1.0, Student Orientation Policy), and during the new hire process respectively, which is individually conducted for every new employee.

In addition, the latest ASR is available on the ITT Technical Institute website for students, prospective students, employees, and prospective employees to access immediately, at http://info.itt-tech.edu/CAMPUS_SAFETY, which is located on the Safety and Security webpage. The latest ASR is also available on the student portal and the employee portal for immediate access.

CRIME PREVENTION and AWARENESS ANNUAL PROGRAM

ITT/ESI and the ITT Technical Institutes conduct, at least annually, a campus crime prevention and awareness program. This program involves the distribution and discussion of the ASR and the reported crime statistics. In addition, educational information designed to promote crime awareness and inform students and employees of security procedures and practices is sent by email to all active students and active employees on a quarterly basis.

SECTION IV:

FIRE and EMERGENCY RESPONSE and EVACUATION PROCEDURES

If you discover a fire or fire hazard, notify ITT Technical Institute personnel immediately. Fire alarms are located throughout each campus building and can be activated in the event of a fire. Designated exit routes are posted on maps located in each classroom, office, and restroom. Classes and school operations will resume following the all-clear signal.

In case of a fire and/or other emergency, students, prospective students, employees, and prospective employees must follow the directions of ITT Technical Institute officials. All exits are clearly marked and students, prospective students, employees, and prospective employees are expected to leave the building in a prompt and orderly fashion using designated exits.

FIRE and EMERGENCY DRILLS

The ITT/ESI Compliance Department annually schedules drills, exercises and appropriate follow-through activities to familiarize students and employees with fire and emergency procedures. In addition, each CSA is responsible for assessing the adequacy of the emergency plan and remediating identified areas of improvement. Students are expected to recognize the need for fire and emergency drills and cooperate fully.

The emergency response and evacuation procedure is posted throughout each ITT Technical Institute facility in conjunction with the test results of the annual fire and other emergency drill. Following the drill, all students and employees are notified of the availability of the results by email. Documentation of the results of each drill are maintained by the ITT/ESI Compliance Department.

EVACUATION

Preparing for an evacuation is necessary and requires becoming familiar with the location of all fire alarms, fire extinguishers, and emergency exits at the location. Upon request, ITT Technical Institute staff in the Registration Department at each campus can provide a map of the campus facilities and identify emergency exits.

During an evacuation, exiting the building should be done quickly and safely, and always using the stairs – never using the elevators. Congregate at a location that is a safe distance from the campus facility and await further instruction from ITT Technical Institute personnel or local law enforcement.

SECTION V: POLICIES and PROGRAMS CONCERNING DRUGS and ALCOHOL

As required by the Drug Free Schools and Communities Act (“DFSCA”), and in accordance with the school’s catalog and Employee Handbook, ITT/ESI and each ITT Technical Institute have implemented an annual training program for both employees and students; respectively, that involve the annual distribution to each employee and student of:

- a) the standards of conduct prohibiting the unlawful possession, use or distribution of illicit drugs and alcohol;
- b) a description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
- c) a description of available drug and alcohol counseling, treatment or rehabilitation services in the community;
- d) a description of the corrective actions imposed for violating the school’s student conduct policy, employee conduct policy and federal or state drug laws; and
- e) a description of the federal and statutory penalties and corrective actions for the illegal possession of a controlled substance.

STANDARDS of CONDUCT

ITT/ESI and the ITT Technical Institutes prohibit the possession, use, distribution, or sale of alcoholic beverages and/or illegal and/or prohibited drugs on ITT/ESI premises and all ITT Technical Institute campuses (including parking areas), and at any student function sponsored by ITT Technical Institute. In addition, ITT/ESI and the ITT Technical Institutes abide by local, state, and federal sanctions regarding unlawful possession, use, distribution, or sale of alcoholic beverages and/or illegal and/or prohibited drugs on school premises.

Furthermore, ITT/ESI and the ITT Technical Institutes will take appropriate disciplinary action against any student or employee found to be under the influence of alcohol or illegal and/or prohibited drugs while on school premises or at any student function sponsored by the school. This includes notifying local law enforcement of incidents or evidence of underage drinking.

Any violation of this policy by a student is sufficient grounds for student expulsion or termination of the student from the school and referral for prosecution to the local law enforcement agencies.

Any violation of this policy by an employee is sufficient grounds for suspension or termination of the employee’s employment at the school and referral for prosecution to the local law enforcement agencies.

Refer to Appendices D and E for the federal and state sanctions and penalties for illegal possession of a controlled substance, respectively.

HEALTH RISKS

AVAILABLE DRUG and ALCOHOL COUNSELING, TREATMENT, or REHABILITATION SERVICES IN THE COMMUNITY

The Dean at each campus serves as the Substance Abuse Prevention Coordinator at the school and can refer students to an available Community Resource, such as those listed below. The list of Substance Abuse Prevention Coordinators by ITT Technical Institute location is located in Appendix C.

Employees are encouraged to seek guidance from the respective ITT/ESI Human Resources Partner and/or the Employee Assistance Program, which provides information regarding drugs and alcohol.

Written Notifications

The CSA at each institution will provide written notification to students and employees on the following:

- a) counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims;

- b) available options and assistance in making changes to academic situations, transportation situations, working situations and any other protective measures in the school's ability;
- c) accommodations if the victim requests them and if they are reasonably available;
- d) students and/or employee's right and options regarding dating violence, domestic violence, sexual assault, or stalking; regardless of whether the offense occurred on or off campus;
- e) procedures for disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking.

CORRECTIVE ACTIONS IMPOSED for VIOLATING STANDARDS of CONDUCT

The unlawful possession, use or distribution of drugs or alcohol by a student violates the school's student conduct policy. Any use, distribution or possession of alcoholic beverages on the school's premises or at organized school events by a student also violates the school's student conduct policy. Any unlawful possession, use or distribution of drugs or alcohol by an employee while working or on the school's premises violates the school's policies and is subjected to corrective action, up to and including termination of employment.

FEDERAL and STATE PENALTIES and SANCTIONS FOR ILLEGAL POSSESSION of a CONTROLLED SUBSTANCE

See Appendix D (Federal Sanctions and Penalties For Drugs and Alcohol) and Appendix E (State Sanctions and Penalties For Drugs and Alcohol) for additional information.

BIENNIAL PROGRAM REVIEW

On even-numbered years, the Drug and Alcohol Abuse Prevention Program ("DAAPP") is reviewed to assess the effectiveness of the program, evaluate the consistencies of the corrective actions imposed, and identify areas requiring improvement and/or revision. This review is conducted by the VP, Human Resources; VP, Chief Academic Officer; Director, Human Resources & Counsel; Senior Director, Compliance and Internal Audit, and the Compliance Project Specialist ("DAAPP Officials"). The DAAPP and any changes made as a result of the biennial program review are implemented at ITT/ESI and all ITT Technical Institute locations.

DRUG and ALCOHOL AWARENESS PROGRAM

The ITT/ESI Compliance Department conducts a quarterly drug and alcohol awareness program for both students and employees and notifies all parties by email that the information is available.

New students and employees are notified of the DAAPP and the annual program during the new student orientation, which is individually conducted by each ITT Technical Institute quarterly, and during the new hire process, which is conducted for every new employee, respectively.

SECTION VI: SEXUAL OFFENSE and SEXUAL ASSAULT POLICY, REPORTING, and PREVENTION

SEXUAL OFFENSE and SEXUAL HARRASSMENT POLICY

It continues to be the policy of ITT/ESI, which is applicable to all ITT Technical Institute campuses, that sexual offense and/or sexual harassment of students, prospective students, employees, or prospective employees in any form is unacceptable conduct and will not be tolerated.

As noted in the Student Handbook, ITT/ESI and each ITT Technical Institute are committed to maintaining an environment supportive of its primary educational missions and free of exploitation and intimidation. Sexual assault or other forms of nonconsensual sexual activity will not be tolerated. This policy is applicable to all prospective students, students, prospective employees and employees. The school enforces this policy through internal disciplinary and grievance procedures and encouragement of external prosecution through the appropriate local law enforcement agencies.

None of the students, prospective students, employees, or prospective employees shall threaten or insinuate, either explicitly or implicitly, that refusal to submit to sexual advances will adversely affect that person's application, enrollment, grades, studies or educational experience at the school, or employment. Similarly, no employee of the school shall promise, imply or grant any preferential treatment in connection with any student, prospective student, employee, or prospective employee with the intent of rewarding for or engaging in sexual conduct.

The following is noted in the Employee Handbook, Section 6.6, Anti-Harassment and Anti-Discrimination Guidelines, "Sexual harassment that will not be tolerated includes unwanted or unwelcome sexual attention of a persistent or offensive nature made by a person who knows, or reasonably should know, that such attention is unwanted or unwelcome. Sexual harassment also includes sexually oriented conduct, whether verbal, visual or physical, that is sufficiently pervasive or severe to: (i) unreasonably interfere with an employee's job performance, an employee's application for ITT/ESI or ITT Technical Institute employment, a student's education at an ITT Technical Institute, a student's admission to an ITT Technical Institute or the business that any customer has with ITT/ESI and/or any ITT Technical Institute; or (ii) create an intimidating hostile or offensive working environment for employees, learning environment for students or business environment for customers.

Examples of sexual harassment that are prohibited include:

- promising an employee, student or customer preferential treatment or a reward, if the employee, student or customer complies with a sexually oriented request;
- threatening to retaliate against an employee, student or customer, if the employee, student or customer refuses to comply with a sexually oriented request;
- denying an employee an employment-related opportunity, if the employee refuses to comply with a sexually oriented request;
- denying a student an education-related opportunity, if the student refuses to comply with a sexually oriented request;

- engaging in sexually suggestive physical contact or touching another employee, student or customer in a way that is unwelcome;
- displaying, storing or transmitting pornographic or sexually oriented materials using ITT/ESI and/or ITT Technical Institute equipment or facilities;
- engaging in indecent exposure;
- making sexual or romantic advances toward a student, employee or customer and persisting despite the student's, employee's or customer's rejection of the advances;
- verbally abusing an individual with sexually explicit or graphic language;
- telling sexually oriented or offensive jokes;
- committing domestic violence on campus with a student or employee;
- committing dating violence on campus with a student or employee;
- stalking a student, employee, or customer;
- any unwanted or unwelcome words, gestures or actions, including verbal, visual or physical, of a persistent or offensive nature involving any person's race, age, disability, religion, national origin or any other protected status;
- using sexually degrading words to describe an individual; or
- physically assaulting an individual.

Any form of sexual assault, harassment or offense, including but not limited to, domestic violence, dating violence, and stalking, is prohibited.

Sexual harassment can involve males or females being harassed by members of either sex.

Employees are prohibited from: (i) pursuing a social relationship with any student that involves any interaction outside the normal scope of the educational services ITT/ESI provides to the student; (ii) pursuing a romantic relationship with any student; (iii) dating any student; or (iv) cohabiting with any student, unless the employee is related by marriage or blood to the student. (see Employee Handbook, Section 6.9, Employee/Student Interaction)

Employees are prohibited from harassing students, customers and other employees, regardless of whether the incidents occur on or off ITT/ESI premises or outside normal business hours. Further, students are prohibited from harassing other students or employees, regardless of whether the incidents occur on or off ITT/ESI premises or outside normal school hours.

REPORTING SEXUAL ASSAULT and/or SEXUAL HARASSMENT

If you are the victim of sexual assault, your first priority should be to get to a safe place. Once you are safe, contact the ITT Technical Institute CSA or Functional Manager or dial 9-1-1.

Any student, prospective student, employee, or prospective employee who feels that he or she is a victim of prohibited sexual assault or sexual harassment by any student, prospective student, employee, prospective employee, or guest of the school in connection with the educational experience offered by the school, is encouraged to report the matter immediately.

The Reporting Process for Employees

If any employee has reason to believe that he or she has been subjected to unwelcome sexual advances from an employee, student or customer, the employee should promptly report the incident to his or her immediate supervisor.

The employee should promptly report the matter to the next level of supervision if:

- the employee's immediate supervisor is the alleged harasser;
- reporting such conduct to his or her immediate supervisor is otherwise not appropriate;
- the employee is uncomfortable for any reason in reporting the incident to his or her immediate supervisor; or
- the employee is not satisfied after reporting the incident to his or her immediate supervisor.

The employee should promptly report the matter to the ITT/ESI Human Resources Department if:

- the person at the next level of supervision is the alleged harasser;
- the employee is uncomfortable for any reason in reporting the incident to such person; or
- such person is not available or otherwise does not take action that is satisfactory to end the harassment or discrimination.

After a sexual assault and/or sexual harassment has been reported and the local law enforcement agency has been contacted (if applicable), the CSA must complete an incident report (refer to section II for the incident report process), investigate promptly, and resolve promptly.

If a sexual assault and/or sexual harassment have been reported to the ITT/ESI Human Resources Department, the Department must notify the ITT/ESI Compliance Department.

The Reporting Process for Students

If any student has reason to believe that he or she has been subjected to unwelcome sexual advances or other discriminatory or harassing practices or conduct from an employee, student, or other individual, the student should promptly report the incident to the CSA or any Functional Manager, at that campus or the ITT/ESI Compliance or Human Resources Department at (800) 388-3368, if necessary based on the guidance below:

The student should promptly report the matter to the ITT/ESI Human Resources Department if:

- the student's concerns are of such a nature that the CSA or Functional Manager is the alleged harasser;
- the student is uncomfortable for any reason in reporting the incident to the CSA or Functional Manager; or
- the student is not satisfied after reporting the incident to the CSA or Functional Manager.

After a sexual assault and/or sexual harassment has been reported and local law enforcement have been contacted (if applicable), the CSA must complete an incident report (refer to section II for the incident report process). The incident report is automatically routed to the ITT/ESI Compliance Department and the respective stakeholders.

If a sexual assault and/or sexual harassment have been reported to the ITT/ESI Human Resources Department, the Department must notify the ITT/ESI Compliance Department.

Investigation Procedures

ITT/ESI and each ITT Technical Institute will promptly investigate all allegations of sexual assault, sexual harassment or other prohibited harassment in as confidential a manner as the school deems reasonably possible and take appropriate corrective action, if warranted, as follows:

- a discriminatory working environment for employees;
- learning environment for students;
- unwelcome sexual advances; or
- other discriminatory or harassing conduct or practices.

Reasonable measures will be undertaken to preserve the confidentiality of information that is reported during the investigation, and to protect persons who report information from retaliation.

The ITT/ESI Compliance Department will maintain a daily control log which includes information such as alleged victim name; however such information is excluded from the Clery Act report and disclosures.

Victims of sex offenses are encouraged to preserve evidence for the proof of crime. In addition, the school will provide information regarding assistance, resources and options for action available to the victim, inform victims of sex offenses of their right to report the matter directly to local law enforcement agencies, and will assist the victim in notifying these agencies, if requested.

Victims' Rights

Sexual assault complainants may, in their discretion, pursue their own remedies against the alleged perpetrator by notifying local law enforcement or by filing civil or criminal charges. At the student's request, the CSA will assist in notifying local law enforcement, if requested.

Filing an incident report with the respective ITT Technical Institute will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from the school. Filing an incident report, applicable to all ITT Technical Institutes will:

- ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
- provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);

- assure the victim, at request, is provided access to confidential counselling from counselors, unaffiliated with ITT/ESI or any ITT Technical Institute specifically trained in the area of sexual assault crisis intervention, at no expense to the victim; and
- enforce the institution's responsibilities for orders of protection, "no-contact" orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court, where applicable.

Upon request submitted in writing to the CSA, a student may adjust their academic situation following an alleged sexual assault, if the adjustment is reasonably available.

Any questions about this policy or potential prohibited harassment should be brought to the attention of the CSA or the ITT/ESI Compliance Department at (800) 388-3368.

SEXUAL ASSAULT and SEXUAL HARASSMENT PREVENTION MEASURES

The school conducts an annual campus sexual assault program. This program entails the distribution and review of the ASR, which is provided to all students annually using the enrollment and financial aid repacking system. Quarterly, active students and employees are emailed sexual assault prevention measures that can be applied on and off campus.

In addition, the ITT/ESI Compliance Department conducts quarterly Campus Safety and Security trainings with each CSA at the school. Quarterly, active students and employees are emailed safety and security content pertaining to risk reduction on dating violence, domestic violence, sexual assault and stalking. Along with the discussion of risk reduction the quarterly emails will address safe and positive options for bystander intervention.

Annually, the ITT/ESI Compliance Department will assess the effectiveness of the program and implement changes as deemed necessary.

CORRECTIVE ACTIONS

Corrective actions that may be imposed against a student or employee that the school determines to have violated the school's sex offense policy may include, without limitation, suspension or expulsion from the school or termination of employment at the school and referral of the matter to local law enforcement agencies. See ITT/ESI Policy AA 18.0, Student Summary Suspension Policy or Employee Handbook, Section 6.6, Anti-Harassment and Anti-Discrimination Guidelines.

At any time, when a student, prospective student, employee, prospective employee or guest becomes aware of a criminal action, illegal activity or other emergency occurring on campus, the individual(s) should immediately report the incident to the CSA or Functional Manager who must take the appropriate action, including, but not limited to, notifying the local law enforcement, and/or the Compliance Project Specialist as deemed appropriate. The CSA or Functional Manager must prepare and submit an incident report.

During any institutional disciplinary proceeding arising from an allegation, the CSA in consultation with the ITT/ESI Compliance Department, District Manager and VP, Chief

Academic Officer will consistently use the best judgment rule as the standard of evidence to determine the appropriate course of action and/or disciplinary action, based on the information provided by the primary parties involved, which includes but is not limited to; obtaining witness statements, reviewing school camera (if available) and considering historical events (if applicable).

Any student who engages in any criminal misconduct on or off campus will be subject to discipline by the school, which may include, the suspension and/or termination from one or more courses the student is taking or the student's entire program of study at the school and the referral to the proper authorities.

As referred to in the college catalog, any student who is terminated from his or her program of study at the school for violating student conduct may petition the college Director, in writing, for readmission into a program of study, but not before the next quarter that the course(s) that the student would take upon re-entry into the program of study is (are) offered by the school. The determination of whether to re-admit the student will be based on the student's written petition, will be made by the school in its discretion and will be final and binding on the student.

The CSA at each institution has the ability to offer victims the following protective measures:

- change in academic schedules;
- relocate to another campus or online program;
- assist in contacting local law enforcement if so desired by the victim; and
- provide written notification regarding counseling, health, mental health, victim advocacy, legal assistance, and visa and immigration assistance.

The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding. Both the accuser and the accused must be informed of the final outcome of any institutional disciplinary proceeding, including any sanction imposed against the accused that is brought forth alleging a sexual offense. For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.

All proceedings will include a prompt, fair, and impartial process from the initial investigation to the final result; and will be conducted by officials who, at minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking.

ITT/ESI or any ITT Technical Institute, upon request, will disclose in writing the results of any disciplinary proceeding conducted by the school against a student who is the alleged perpetrator of any crime of violence including, but not limited to, dating violence, domestic violence, sexual assault, or stalking to the alleged victim, or next of kin, if the victim is deceased.

As referenced in the college catalog any student who is terminated from his or her program of study at the school for violating student conduct may petition to the college

Director, in writing, for re-admission into a program of study, but not before the next quarter that the course(s) that the student would take upon re-entry into the program of study is (are) offered by the school. The determination of whether to re-admit the student will be based on the student's written petition will be made by the school in its discretion and will be final and binding on the student.

In conclusion of the appeal, ITT/ESI or any ITT Technical Institute will disclose the final result, including any changes that occurred during the appeal process, if so requested.

SEX OFFENDER REGISTRY

Each state maintains a sex offender registry, which can be accessed and viewed by the public, at any time. Appendix F provides an alphabetical list, by state, of each state's sex offender registry website. This information is communicated to students and employees by new student orientation or the new hire checklist.

COMMUNITY RESOURCES

ITT/ESI or any ITT Technical Institute will coordinate resources to help victims of sex offenses, if requested. Each CSA has available information regarding off-campus counseling, mental health facilities and other services for victims of sex offenses.

SECTION VII: VIOLENCE AGAINST WOMEN ACT (“VAWA”)

The Violence Against Women’s Act (“VAWA”) was re-authorized on March 7, 2013 and requires institutions of higher education to 1) increase transparency about the scope of sexual violence by reporting crime statistics, 2) guarantee victims’ rights, 3) standardize proceedings to investigate such reported incidents, and 4) provide educational programming.

The policy, programs, corrective actions, and community resources provided in Section VI: SEXUAL OFFENSE and SEXUAL ASSAULT POLICY, REPORTING, and PREVENTION, are applicable to this section.

VICTIMS’ RIGHTS AND CORRECTIVE ACTIONS

Students or employees who report being a victim of an incident related to sexual violence, on or off-campus, specific to domestic violence, dating violence, sexual assault, and/or stalking will have the same victims’ rights, followed under the same corrective actions as those listed in Section VI.

SEXUAL VIOLENCE ANNUAL PROGRAMS

Annually, the ITT/ESI Compliance Department will email all active students and active employees information to promote the awareness of dating violence, domestic violence, sexual assault, and stalking. In addition, the email contains information on how to identify the occurrence of a VAWA related crime and how to obtain help. Each ITT Technical Institute will be encouraged to request local law enforcement to visit the respective campus and specifically provide awareness to sexual violence.

SECTION VIII

DEFINITIONS

To help prospective students, students, prospective employees and employees have a better understanding of the crimes that are reported in appendix G, Crime Statistics by ITT Technical Institute Location. The following definitions have been obtained from the Clery Act Training – Reference Guide: Collecting, Classifying and Counting Clery Act Crime Data or the Federal Bureau of Investigation website (www.fbi.gov).

Aggravated Assault

Unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. Usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.¹

Arson

Willful or malicious burning or attempt to burn with or without intent to defraud a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.¹

Burglary

Unlawful entry of a structure to commit a felony or a theft.¹

Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors; the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship.²

Destruction, Damage or Vandalism of Property

Willfully or maliciously destroy damage, deface, or otherwise injure real or personal property without the consent of the owner or the persons having custody or control of it.³

Domestic Violence

The occurrence of one or more of the following acts committed by a “family or household member”; attempting to cause, threatening to cause, or causing physical harm to another family or household member; placing another in fear of serious physical harm; causing a family or household member to involuntarily engage in sexual activity by force, threat of force or duress. Definition of “family or household members” includes a current or former spouse, a relative by blood or adoption, a person with whom you have or had a dating and/or sexual relationship, a present or former relative by marriage, an individual with whom you have a child in common, a person who has or had a legal relationship to you, including guardian, ward, custodian, or foster parent, a minor child of a person in

any of the above relationships.²

Drug Law Violations

The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics – manufactured narcotics which can cause true addiction (Demerol, methadone); and dangerous nonnarcotic drugs (barbiturates, Benzedrine).¹

Forcible Sex Offenses

Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.¹

Hate Crimes

The Clery Act requires institutions to separately report all Hate Crimes statistics on any of the previously mentioned offenses or any other crime involving bodily injury reported to local police agencies or to a campus security authority, that manifest evidence that the victim was intentionally selected because of the perpetrator's bias or the perpetrator perceived the person to be in one of the protected group categories.¹

There are six types of bias categories: race, gender, religion, sexual orientation, ethnicity and disability.

Illegal Weapon Possession

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.¹

4

Intimidation

Intentional behavior which would cause a person of ordinary sensibilities fear of injury or harm.³

Larceny

Unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession of another.³

Liquor Law Violations

The violation of state, or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.¹

Murder/Non-Negligent Manslaughter

The willful (non-negligent) killing of one human being by another.¹

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle.¹

Negligent Manslaughter

Killing of another person through gross negligence.¹

Non-Forcible Sex Offenses

Unlawful, non-forcible sexual intercourse.¹

Rape

Penetration, no matter how slight, of the vagina or anus with any body part or object, or penetration by a sex organ of another person, without the consent of the victim.³

Robbery

Taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.¹

Sexual Assault

Sexual assault is a form of sexual violence and includes any involuntary sexual act in which a person is threatened or coerced, or forced to engage against their will, or any non-consensual sexual touching of a person, which includes rape, groping, forced kissing, child sexual abuse, or the torture of the victim in a sexual manner.³

Sexual Harassment

Unwelcome sexual flirtations, advances or propositions, requests for sexual favors, verbal abuse of a sexual nature, subtle pressure or request for sexual activities, unnecessary touching of an individual, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, a display in the school of sexually suggestive objects or pictures, sexually explicit or offensive jokes, physical assault and other verbal, visual or physical conduct of a sexual nature, domestic violence, dating violence, sexual assault, and stalking.³

Appendix B Health Risks Associated with the Use and Abuse of Drugs or Alcohol

The information in this appendix is obtained from the National Institute of Health website (www.drugabuse.gov)

Substances: Category and Name	Examples of Commercial and Street Names	DEA Schedule/ How Administered**	Acute Effects/Health Risks
Tobacco			
Nicotine	Found in cigarettes, cigars, bidis, and smokeless tobacco (snuff, spit tobacco, chew)	Not scheduled/smoked, snorted, chewed	Increased blood pressure and heart rate/chronic lung disease; cardiovascular disease; stroke; cancers of the mouth, pharynx, larynx, esophagus, stomach, pancreas, cervix, kidney, bladder, and acute myeloid leukemia; adverse pregnancy outcomes; addiction
Alcohol			
Alcohol (ethyl alcohol)	Found in liquor, beer, and wine	Not scheduled/swallowed	In low doses, euphoria, mild stimulation, relaxation, lowered inhibitions; in higher doses, drowsiness, slurred speech, nausea, emotional volatility, loss of coordination, visual distortions, impaired memory, sexual dysfunction, loss of consciousness/increased risk of injuries, violence, fetal damage (in pregnant women); depression; neurologic deficits; hypertension; liver and heart disease; addiction; fatal overdose
Cannabinoids			
Marijuana	Blunt, dope, ganja, grass, herb, joint, bud, Mary Jane, pot, reefer, green, trees, smoke, sinsemilla, skunk, weed	Unscheduled, swallowed	Euphoria; relaxation; slowed reaction time; distorted sensory perception; impaired balance and coordination; increased heart rate and appetite; impaired learning; memory; anxiety; panic attacks; psychosis/cough; frequent respiratory infections; possible mental health decline; addiction
Hashish	Boom, gangster, hash, hash oil, hemp	Unscheduled, swallowed	Euphoria; drowsiness; impaired coordination; dizziness; confusion; nausea; sedation; feeling of heaviness in the body; slowed or arrested breathing/constipation; endocarditis; hepatitis; HIV; addiction; fatal overdose
Opioids			
Heroin	Diacetylmorphine: smack, horse, brown sugar, dope, H, junk, skeg, skunk, white horse, China white; cheese (with OTC cold medicine and antihistamine)	Unscheduled, smoked, snorted	Increased heart rate, blood pressure, body temperature, metabolism; feelings of exhilaration; increased energy, mental alertness; tremors; reduced appetite; irritability; anxiety; panic; paranoia; violent behavior; psychosis/weight loss; insomnia; cardiac or cardiovascular complications; stroke; seizures; addiction
Opium	Laudanum, paregoric; big O, black stuff, block, gum, hop	II, III, V/swallowed, smoked	Also, for cocaine—nasal damage from snorting
Stimulants			
Cocaine	Cocaine hydrochloride: blow, bump, C, candy, Charlie, coke, crack, flakes, rock, snow, tot	Unscheduled, smoked, injected	Also, for methamphetamine—severe dental problems
Amphetamine	Biphetamine, Dexedrine; bennies, black beauties, crosses, hearts, LA turnaround, speed, truck drivers, uppers	Unscheduled, snorted, smoked, injected	MDMA—mild hallucinogenic effects; increased tactile sensitivity, empathic feelings; lowered inhibition; anxiety; chills; sweating; teeth clenching; muscle cramping/ sleep disturbances; depression; impaired memory; hyperthermia; addiction
Methamphetamine	Desoxyn; meth, ice, crank, crystal, fire, glass, go fast, speed	Unscheduled, snorted, smoked, injected	Flunitrazepam—sedation; muscle relaxation; confusion; memory loss; dizziness; impaired coordination/addiction
Club Drugs			
MDMA (methylendioxyamphetamine)	Ecstasy, Adam, clarify, Eve, lover's speed, peace, uppers	Unscheduled, snorted, injected	GHB—drowsiness; nausea, headache; disorientation; loss of coordination; memory loss/ unconsciousness; seizures; coma
Flunitrazepam***	Rohypnol; forget-me pill, Mexican Valium, R2, roach, roofies, roofinol, rope, rophies	Unscheduled, snorted	Feelings of being separate from one's body and environment; impaired motor function/anxiety; tremors; numbness; memory loss; nausea
GHB***	Gamma-hydroxybutyrate: G, Georgia home boy, grievous bodily harm, liquid ecstasy, soap, scoop, goop, liquid X	Unscheduled	Also, for ketamine—analgesia; impaired memory; delirium; respiratory depression and arrest; death
Dissociative Drugs			
Ketamine	Ketalar, SV; cat Valium, K, Special K, vitamin K	III/injected, snorted, smoked	Also, for PCP and analogs—analgesia; psychosis; aggression; violence; slurred speech; loss of coordination; hallucinations
PCP and analogs	Phencyclidine: angel dust, boat, hog, love boat, peace pill	I, II/swallowed, smoked, injected	Also, for DXM—euphoria; slurred speech; confusion; dizziness; distorted visual perceptions
Salvia divinorum	Salvia, Shepherdess's Herb, Maria Pastora, magic mint, Sally-D	Not scheduled/chewed, swallowed, smoked	Altered states of perception and feeling; hallucinations; nausea
Dextromethorphan (DXM)	Found in some cough and cold medications: Robitripping, Robo, Triple C	Not scheduled/swallowed	Also, for LSD and mescaline—increased body temperature, heart rate, blood pressure; loss of appetite; sweating; sleeplessness; numbness; dizziness; weakness; tremors; impulsive behavior; rapid shifts in emotion
Hallucinogens			
LSD	Lysergic acid diethylamide: acid, blotter, cubes, microdot, yellow sunshine, blue heaven	Unscheduled, absorbed through mouth tissues	Also, for LSD and mescaline—increased body temperature, heart rate, blood pressure; loss of appetite; sweating; sleeplessness; numbness; dizziness; weakness; tremors; impulsive behavior; rapid shifts in emotion
Mescaline	Buttons, cactus, mesc, peyote	Unscheduled, smoked	Also, for DXM—euphoria; slurred speech; confusion; dizziness; distorted visual perceptions
Psilocybin	Magic mushrooms, purple passion, shrooms, little smoke	Unscheduled	Also, for LSD and mescaline—increased body temperature, heart rate, blood pressure; loss of appetite; sweating; sleeplessness; numbness; dizziness; weakness; tremors; impulsive behavior; rapid shifts in emotion
Other Compounds			
Anabolic steroids	Anadrol, Dianabol, Durabolin, Depo-Testosterone, Equipoise; roids, juice, gym candy, pumpers	III/injected, swallowed, applied to skin	Steroids—no intoxication effects/hypertension; blood clotting and cholesterol changes; liver cysts; hostility and aggression; acne; in adolescents—premature stoppage of growth; in males—prostate cancer, reduced sperm production, shrunken testicles, breast enlargement; in females—menstrual irregularities, development of beard and other masculine characteristics
Inhalants	Solvents (paint thinners, gasoline, glues); gases (butane, propane, aerosol propellants, nitrous oxide); nitriles (isoamyl, isobutyl, cyclohexyl); laughing gas, poppers, snappers, whippets	Not scheduled/inhaled through nose or mouth	Inhalants (varies by chemical)—stimulation; loss of inhibition; headache, nausea or vomiting; slurred speech; loss of motor coordination; wheezing/cramps; muscle weakness; depression; memory impairment; damage to cardiovascular and nervous systems; unconsciousness; sudden death

Opioid Pain Relievers			

For more information on prescription medications, please visit <http://www.nida.nih.gov/DrugPages/PrescriptionDrugsChart.html>.

* Schedule I and II drugs have a high potential for abuse. They require greater storage security and have a quota on manufacturing, among other restrictions. Schedule I drugs are available for research only and have no approved medical use. Schedule II drugs are available only by prescription (unrefillable) and require a form for ordering. Schedule III and IV drugs are available by prescription, may have five refills in 6 months, and may be ordered orally. Some Schedule V drugs are available over the counter.

** Some of the health risks are directly related to the route of drug administration. For example, injection drug use can increase the risk of infection through needle contamination with staphylococci, HIV, hepatitis, and other organisms.

*** Associated with sexual assaults.

Principles of Drug Addiction Treatment

More than three decades of scientific research show that treatment can help drug-addicted individuals stop drug use, avoid relapse and successfully recover their lives. Based on this research, 13 fundamental principles that characterize effective drug abuse treatment have been developed. These principles are detailed in *NIDA's Principles of Drug Addiction Treatment: A Research-Based Guide*. The guide also describes different types of science-based treatments and provides answers to commonly asked questions.

1. **Addiction is a complex but treatable disease that affects brain function and behavior.** Drugs alter the brain's structure and how it functions, resulting in changes that persist long after drug use has ceased. This may help explain why abusers are at risk for relapse even after long periods of abstinence.

2. **No single treatment is appropriate for everyone.** Matching treatment settings, interventions, and services to an individual's particular problems and needs is critical to his or her ultimate success.

3. **Treatment needs to be readily available.** Because drug-addicted individuals may be uncertain about entering treatment, taking advantage of available services the moment people are ready for treatment is critical. Potential patients can be lost if treatment is not immediately available or readily accessible.

4. **Effective treatment attends to multiple needs of the individual, not just his or her drug abuse.** To be effective, treatment must address the individual's drug abuse and any associated medical, psychological, social, vocational, and legal problems.

5. **Remaining in treatment for an adequate period of time is critical.** The appropriate duration for an individual depends on the type and degree of his or her problems and needs. Research indicates that most addicted individuals need at least 3 months in treatment to significantly reduce or stop their drug use and that the best outcomes occur with longer durations of treatment.

6. **Counseling—individual and/or group—and other behavioral therapies are the most commonly used forms of drug abuse treatment.** Behavioral therapies vary in their focus and may involve addressing a patient's motivations to change, building skills to resist drug use, replacing drug-using activities with constructive and rewarding activities, improving problem-solving skills, and facilitating better interpersonal relationships.

7. **Medications are an important element of treatment for many patients, especially when combined with counseling and other behavioral therapies.** For example, methadone and buprenorphine are effective in helping individuals addicted to heroin or other opioids stabilize their lives and reduce their illicit drug use. Also, for persons addicted to nicotine, a nicotine replacement product (nicotine patches or gum) or an oral medication (bupropion or varenicline), can be an effective component of treatment when part of a comprehensive behavioral treatment program.

8. **An individual's treatment and services plan must be assessed continually and modified as necessary to ensure it meets his or her changing needs.** A patient may require varying combinations of services and treatment components during the course of treatment and recovery. In addition to counseling or psychotherapy, a patient may

require medication, medical services, family therapy, parenting instruction, vocational rehabilitation and/or social and legal services. For many patients, a continuing care approach provides the best results, with treatment intensity varying according to a person's changing needs.

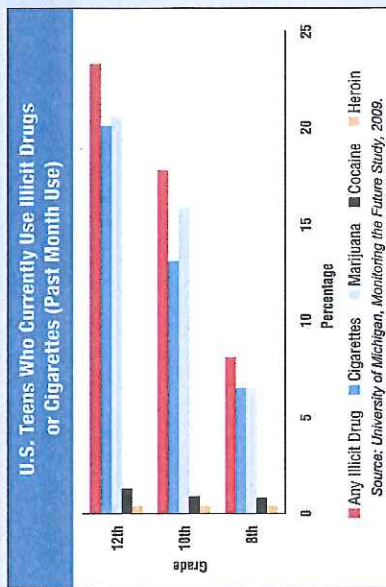

9. **Many drug-addicted individuals also have other mental disorders.** Because drug abuse and addiction—both of which are mental disorders—often co-occur with other mental illnesses, patients presenting with one condition should be assessed for the other(s). And when these problems co-occur, treatment should address both (or all), including the use of medications as appropriate.

10. **Medically assisted detoxification is only the first stage of addiction treatment and by itself does little to change long-term drug abuse.** Although medically assisted detoxification can safely manage the acute physical symptoms of withdrawal, detoxification alone is rarely sufficient to help addicted individuals achieve long-term abstinence. Thus, patients should be encouraged to continue drug treatment following detoxification.

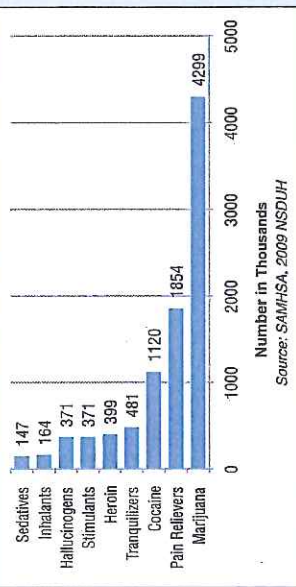

11. **Treatment does not need to be voluntary to be effective.** Sanctions or enticements from family, employment settings, and/or the criminal justice system can significantly increase treatment entry, retention rates, and the ultimate success of drug treatment interventions.

12. **Drug use during treatment must be monitored continuously, as lapses during treatment do occur.** Knowing their drug use is being monitored can be a powerful incentive for patients and can help them withstand urges to use drugs. Monitoring also provides an early indication of a return to drug use, signaling a possible need to adjust an individual's treatment plan to better meet his or her needs.

13. **Treatment programs should assess patients for the presence of HIV/AIDS, hepatitis B and C, tuberculosis, and other infectious diseases, as well as provide targeted risk-reduction counseling to help patients modify or change behaviors that place them at risk of contracting or spreading infectious diseases.** Targeted counseling specifically focused on reducing infectious disease risk can help patients further reduce or avoid substance-related and other high-risk behaviors. Treatment providers should encourage and support HIV screening and inform patients that highly active antiretroviral therapy (HAART) has proven effective in combating HIV, including among drug-abusing populations.

COLORADO

All drug possession charges and penalties are classified by Schedule, except for Marijuana possession

Schedule I drugs include those that are the most dangerous and have a high risk of addiction or dependency and “no legitimate medical use”. Drugs included under this heading include LSD, marijuana, heroin, mescaline, and peyote.

Schedule II substances still have a high risk of abuse but may have legitimate medical uses. These include things like opium, cocaine, methadone, methamphetamines, and amphetamines.

Schedule III drugs are slightly less dangerous than Schedule II substances, but still have a moderate risk of abuse. Schedule III substances include hydrocodone, codeine, anabolic steroids, testosterone, ketamine, and some depressants.

Schedule IV drugs have a slight risk of dependency and have very acceptable medical uses. Some Schedule IV drugs are clonazepam, some tranquilizers, and sedatives.

Schedule V substances have a very low risk of dependency and include things like over the counter medication with Codeine.

Substance / Drug	Penalty

KANSAS

The term "controlled substances" as means those substances included in Schedules I through V of section 202 of the Controlled Substances Act and as further defined by regulation at 21 CFR 1300.11 through 1300.15. The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

Kansas law provides that any person who violates the criminal statutes on controlled substances by possessing, offering for sale, distributing, or manufacturing opiates and narcotics, such as cocaine and heroin, shall be guilty of a Class C felony. For a conviction of a Class C felony, the court may sentence a person to a term of imprisonment of a minimum of three to five years, a maximum of 10 to 20 years, and a fine of up to \$15,000. Unlawful possession of a depressant, stimulant or hallucinogenic drug is punishable as a Class A misdemeanor, with a penalty of up to a year in jail and a fine of \$2,500.

LOUISIANA

Possession with Intent to Distribute Laws & Penalties

If you are charged with drug possession with the intent to distribute, a drug trafficking law, or a felony drug offense, there are many severe penalties in the state of Louisiana. There are no distinct drug trafficking laws in Louisiana, but there are many severe drug laws which can be used to fill the void.

Possession with the intent to distribute under 28 grams will result in a penalty of up to 5 years in prison, with or without hard labor, as well as a fine of \$5,000.

If you are convicted of possession with intent to distribute between 28 grams and 200 hundred grams, then the sentence can include between 10 and 60 years in prison and/or a fine between \$50,000 and \$150,000.

If you are convicted of possession with intent to distribute of 200 to 400 grams, the penalty is between 20 and 60 years of hard labor and a fine between \$100,000 and \$350,000.

If you are convicted of possession with the intent to distribute of over 400 grams, the penalty is between 30 and 60 years, with hard labor, as well as a fine between \$250,000 and \$600,000.

Drug Possession Related Felony Charges and Penalties

If you are convicted of the sale of drugs, you can face a sentence between 5 and 30 years, with hard labor, and/or a fine of up to \$50,000.

If you are convicted of the sale of drugs to minors *and* you are over the age of 25, you can face life in prison.

If you are convicted of the sale of drugs to minor, and you are at least 3 years their senior, the penalties double.

Should you be convicted of the production or manufacturing of cocaine, the sentence is between 40 and 99 years in prison, with hard labor, and lacking any chance of parole or suspension, as well as a fine of up to \$500,000.

In the state of Louisiana, all penalties related to possession with the intent to distribute, trafficking, and other felony drug offenses double if minors are involved. Not only can you be facing charges for possession with intent to distribute, and trafficking, but other felony drug offenses can compound charges in your case, including cultivation and possession or sale of paraphernalia.

Laundering drug sale proceeds is another related felony drug offense, the penalty for which can include up to 99 years in prison and a fine of up to \$50,000.

Another related felony drug offense is counterfeit drugs. If you are convicted of selling counterfeit drugs the penalties can be greater than selling real drugs because you are facing conviction on two counts. The first is selling drugs illegally and the second is operating a scam.

TENNESSEE

It is a crime in Tennessee for a person to knowingly manufacture a controlled substance; deliver a controlled substance; sell a controlled substance; or possess a controlled substance with intent to manufacture, deliver or sell such controlled substance. T.C.A. § 39-17-417. Controlled substances are classified according to their potential for abuse, utility in medical treatment, and potential for dependency. The Tennessee Drug Control Act of 1989, T.C.A. § 39-17-401 et seq., establishes the following schedule of controlled substances:

The following table sets forth the basic levels of offenses involving manufacture, sale, distribution, or possession with intent distribute, the various levels of scheduled controlled substances. However, one must understand that the law provides additional penalties for violations involving large amounts of numerous substances, including heroin, cocaine, LSD, morphine, peyote, barbiturates and amphetamines

Level of Controlled Substance	Risks	Examples of Substance	Level of Offense
Schedule I	High potential for abuse; no accepted medical use in treatment or lacks accepted safety for use in treatment under medical supervision.	This includes certain opiates (e.g., heroin); hallucinogens (e.g., LSD) depressants (e.g., methaqualone) and stimulants (e.g., MDMA).	Class B felony
Cocaine (.5 grams or more)			Class B felony and an additional fine of no more than one hundred thousand dollars (\$100,000)
Schedule II, including cocaine (< .5 grams)	High potential for abuse; has currently accepted medical use in treatment, or currently accepted medical use with severe restrictions; abuse of the substance may lead to severe psychic or physical dependence	Examples: cocaine, morphine, amphetamines, amobarbital.	Class C felony
Schedule III	Potential for abuse less than the substances listed in Schedules I and II; has currently accepted medical use in treatment; and may lead to moderate or low physical dependence or high psychological dependence.	Examples: Anabolic steroids.	Class D felony
Schedule IV	Low potential for abuse relative to substances in Schedule III; has currently accepted medical use in treatment; and may lead to limited physical dependence or psychological dependence relative to the substances in Schedule III.	Examples: Phenobarbital and Fenfluramine	Class D felony
Schedule V	Low potential for abuse relative to the controlled substances listed in Schedule IV; has currently accepted medical use in treatment in the United States; and has limited physical dependence or psychological dependence liability relative to the controlled substances listed in Schedule IV.	Example: A medicine containing not more than two hundred (200) milligrams of codeine per one hundred (100) grams;	Class E felony
Schedule VI	Tetrahydrocannabinols	Marijuana; hashish; synthetic equivalents	Depends on amount; see table below
Schedule VII	Butyl nitrite and any isomer thereof		Class E Felony

The following table sets forth the levels of offenses involving manufacture, sale, distribution, or possession with intent distribute, of marijuana and hashish (resin containing the active ingredient THC), based on quantities seized:

Marijuana	Hashish	Level of Offense (and additional fine)
< ½ ounce		Class A misdemeanor
½ ounce - 10 lbs.	Up to 2 lbs.	Class E felony + \$5,000 fine

Simple possession or casual exchange of controlled substances is treated less severely than possession with intent to distribute. The following is Tennessee's statute regarding simple possession and casual distribution of controlled substances.

39-17-418. Simple possession or casual exchange.

- a. It is an offense for a person to knowingly possess or casually exchange a controlled substance unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of professional practice.
- b. It is an offense for a person to distribute a small amount of marijuana not in excess of one-half (1/2) ounce (14.175 grams).
- c. Except as provided in subsections (d) and (e), a violation of this section is a Class A misdemeanor.
- d. A violation of subsections (a) or (b) where there is casual exchange to a minor from an adult who is at least two (2) years such minor's senior, and knows that such person is a minor, is punished as a felony as provided in T.C.A. § 39-17-417.
- e. A violation under this section is a Class E felony where the person has two (2) or more prior convictions under this section.

1. In addition to the other penalties provided in this section, any person convicted of violating this section for possession of a controlled substance may be required to attend a drug offender school, if available, or may be required to perform community service work at a drug or alcohol rehabilitation or treatment center.
2. Any person required to attend a drug offender school pursuant to this subsection shall also be required to pay a fee for attending such school. If the court determines that such person by reason of indigency cannot afford to pay a fee to attend such school, the court shall waive the fee and the person shall attend the school without charge. The amount of fee shall be established by the local governmental authority operating the school, but such fee shall not exceed the fee charged for attending an alcohol safety DUI school program if such a program is available in the jurisdiction. All fees collected pursuant to this subsection shall be used by the governmental authority responsible for administering the school for operation of such school.

An asterisk next to the ITT Technical Institute location indicates that the local law enforcement agency provided crime statistics for the geographic location of the campus and such crime statistics were incorporated into each respective Crime Statistics report by location. All locations without an asterisk complied with the Clery Act by making a “good-faith attempt” to obtain the crime statistics from the local law enforcement agency.

Definitions:

- (1) "Hate-Crimes" The Clery Act requires institutions to separately report all Hate Crimes statistics on any of the previously mentioned offenses or any other crime involving bodily injury reported to local police agencies or to a campus security authority, that manifest evidence that the victim was intentionally selected because of the perpetrator's bias or the perpetrator perceived the person to be in one of the protected group categories.¹

There are six types of bias categories: race, gender, religion, sexual orientation, ethnicity and disability.

- (2) "Murder and non-negligent manslaughter" The willful (non-negligent) killing of one human being by another
- (3) "Campus" means: any building or property owned or controlled by the School within the same reasonably contiguous geographic area of the School and used by the School in direct support of, or in a manner related to, the School's educational purposes; and any building or property that is within the same reasonably contiguous geographic area of the School that is owned by the School but controlled by another person, is frequently used by students and supports School purposes.
- (4) The School does not operate or sponsor any on- or off- campus student housing, whether dormitories, residence halls, fraternities, sororities or otherwise.
- (5) "Non-campus building or property" means: any building or property owned or controlled by a student organization that is officially recognized by the School; and any building or property owned or controlled by the School that is used in direct support of, or in relation to, the School's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the School.
- (6) "Public property" means all public property (including thoroughfares, streets, sidewalks and parking facilities) that is within the same reasonably contiguous geographic area of the School, or immediately adjacent to and accessible from a facility owned or controlled by the School if the facility is used by the School in direct support of, or in a manner related to, the School's educational purposes.
- (7) "Negligent manslaughter" Killing of another person through gross negligence
- (8) "Forcible Sex Offenses" Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.
- (9) "Non-Forcible Sex Offense" Unlawful, non-forcible sexual intercourse.
- (10) "Robbery" Taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
- (11) "Intimidation" Intentional behavior which would cause a person of ordinary sensibilities fear of injury or harm.
- (12) "Simple Assault" Assaults and attempted assaults where no weapon was used and which did not result in a serious or aggravated injury to the victim
- (13) "Aggravated assault" Unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. Usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.
- (14) "Burglary" Unlawful entry of a structure to commit a felony or a theft
- (15) "Larceny-theft" Unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession of another
- (16) "Motor vehicle theft" The theft or attempted theft of a motor vehicle
- (17) "Arson" Willful or malicious burning or attempt to burn with or without intent to defraud a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

- (18) “Destruction, damage or vandalism of property” Willfully or maliciously destroy damage, deface, or otherwise injure real or personal property without the consent of the owner or the persons having custody or control of it
- (19) “Liquor law violations” The violation of state, or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.
- (20) “Drug law violations” The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics – manufactured narcotics which can cause true addiction (Demerol, methadone); and dangerous nonnarcotic drugs (barbiturates, Benzedrine).
- (21) “Illegal weapons possession” The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature
- (22) “Domestic Violence” The occurrence of one or more of the following acts committed by a “family or household member”; attempting to cause, threatening to cause, or causing physical harm to another family or household member; placing another in fear of serious physical harm; causing a family or household member to involuntarily engage in sexual activity by force, threat of force or duress. Definition of “family or household members” includes a current or former spouse, a relative by blood or adoption, a person with whom you have or had a dating and/or sexual relationship, a present or former relative by marriage, an individual with whom you have a child in common, a person who has or had a legal relationship to you, including guardian, ward, custodian, or foster parent, a minor child of a person in any of the above relationships
- (23) “Dating violence” Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors; the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship
- (24) “Sexual assault” Sexual assault is a form of sexual violence and includes any involuntary sexual act in which a person is threatened or coerced, or forced to engage against their will, or any non-consensual sexual touching of a person, which includes rape, groping, forced kissing, child sexual abuse, or the torture of the victim in a sexual manner
- (25) “Stalking” Unwanted or obsessive attention by an individual or group toward another person, consisting of the repeated following and harassing and intimidation of another person; with the intent to instill fear or injury.
